

Single-Stream Recycling

How to place your recycling at the curb

- Place all recyclable material in reusable bins. There is no need to separate paper from glass, aluminum, plastic and tin.
- **Do not** place recyclables in plastic bags and **do not** place trash in your recycling bin.
- Be sure to have recyclables at the curb the night before your collection day or by 6:00 am on your day of collection. Recycling trucks will not return for late set outs.
- Please keep your reusable bins at least 4 ft away from your trash container. The best solution is to place your recycling and trash on opposite sides of your driveway.
- Reusable bins should be between 15-33 gallons and weigh no more than 50 pounds when set at the curb.
- Please mark your reusable bin with an Outagamie County Recycling Sticker, available upon request at recycle@co.outagamie.wi.us or by contacting Town Hall.
