#### INDEPENDENT AUDITORS' REPORT

Town Board Town of Buchanan Outagamie County, Wisconsin

### Report on the Audit of the Financial Statements *Opinions*

We have audited the accompanying modified cash basis financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Buchanan, Outagamie County, Wisconsin (the Town), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town, as of December 31, 2022, and the respective changes in modified cash basis financial position, and the budgetary comparison for the General Fund for year then ended in accordance with the modified cash basis of accounting described in Note 1.C.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Emphasis of Matter - Basis of Accounting

We draw attention to Note 1.C. of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1.C., and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due
  to fraud or error, and design and perform audit procedures responsive to those risks. Such
  procedures include examining, on a test basis, evidence regarding the amounts and disclosures
  in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of the Town's internal control. Accordingly, no such opinion is
  expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements as a whole that collectively comprise the Town's basic financial statements. The schedule of general fund budgeted and actual revenues collected and schedule of general fund budgeted and actual expenditures paid are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the schedule of general fund budgeted and actual revenues collected and schedule of general fund budgeted and actual expenditures paid are fairly stated, in all material respects, in relation to the basic financial statements as a whole on the basis of accounting described in Note 1.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 20, 2023, on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Town's internal control over financial reporting and compliance.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the Town of Buchanan, Outagamie County, Wisconsin (the Town), have been prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (U.S. GAAP).

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The significant accounting principles and policies utilized by the Town are described below:

#### A. Reporting Entity

The Town is a municipal corporation governed by an elected five member board. In accordance with U.S. GAAP, the basic financial statements are required to include the Town and any separate component units that have a significant operational or financial relationship with the Town. The Town has not identified any component units that are required to be included in the basic financial statements in accordance with standards.

#### B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Town. *Governmental activities*, which are primarily supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for services.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and proprietary funds. Governmental funds include the general, debt service and capital project funds. Proprietary funds include enterprise funds. The Town has no internal service funds. The major individual governmental fund and major individual proprietary funds are reported as separate columns in the fund financial statements.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### B. Government-Wide and Fund Financial Statements (Continued)

The Town reports the following major governmental funds:

#### General Fund

This is the Town's primary operating fund. It accounts for all financial resources of the general government.

#### **Debt Service Fund**

This fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of government funds.

#### Capital Projects Fund

This fund accounts for financial resources accumulated for the acquisition or construction of major capital improvements not accounted for in another fund.

The Town reports the following major enterprise funds:

#### Stormwater Utility Fund

This fund accounts for the operations of the Town's stormwater utility. The Town established the stormwater utility in 2018, to develop, finance, construct, operate, maintain, manage and regulate stormwater and surface water facilities in the Town. The Town approved establishing special charges on the Town's tax roll to finance the operations.

#### Transportation Utility Fund

This fund accounts for the operations of the Town's transportation utility. The Town established the transportation utility in 2019 to finance transportation system maintenance and improvements in the Town. The Town exercised its authority to establish a transportation utility fee, which is assessed to developed properties in the Town to fund transportation expenses.

The Town also reports the following fiduciary fund:

#### **Custodial Fund**

The custodial fund accounts for property taxes and special charges collected on behalf of other governments.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### C. Measurement Focus and Basis of Accounting

The government-wide and governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified cash basis of accounting*. The modified cash basis recognizes assets, liabilities, net position/fund balance, revenues, and expenditures when they result from cash transactions. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Under the modified cash basis of accounting, the Town recognizes revenues when received. As a result, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) are not recorded in the Town's basic financial statements. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues when received if all eligibility requirements imposed by the provider have been met. Property taxes and grants received in advance of being earned or meeting eligibility requirements are reported as liabilities. Debt proceeds are recognized as other financing sources and general revenue when received. Additionally, capital assets such as property, equipment, and infrastructure are not capitalized or reported in the government-wide financial statements.

Under the modified cash basis of accounting, the Town generally records expenditures when paid, except for certain payroll withholdings. As a result, certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in the Town's basic financial statements. Additionally, long-term liabilities such as debt payable and compensated absences are not reported. Additional information on outstanding long-term debt is shown in Note 3.D.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, and fees and fines, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating revenues* and expenses from *nonoperating items*. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Town's proprietary funds are charges to customers for services. Operating expenses for proprietary funds include the costs of services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Town's policy to use restricted resources first, then unrestricted resources, as they are needed.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### D. Assets, Liabilities, and Net Position or Fund Balance

#### 1. Cash and Investments

Cash and investments are combined in the financial statements. Cash deposits consist of demand and time deposits with financial institutions. Investments are stated at cost in accordance with the modified cash basis of acocunting. For purposes of the statement of cash flows, all cash deposits and highly liquid investments (including restricted assets) with a maturity of three months or less from date of acquisition are considered to be cash equivalents.

#### 2. Property Taxes and Special Charges Receivable

Property taxes and special charges consist of taxes on real estate and personal property and user charges assessed against Town properties. They are levied during December of the prior year and become an enforceable lien on property the following January 1. Property taxes are payable in various options depending on the type and amount. Personal property taxes and special charges are payable on or before January 31 in full. Real estate taxes are payable in full by January 31 or in two equal installments on or before January 31 and July 31. Real estate taxes not paid by January 31 are purchased by the County as part of the February tax settlement. Delinquent personal property taxes remain the collection responsibility of the Town.

In addition to its levy, the Town also levies and collects taxes for the Kaukauna Area, Kimberly Area, and Wrightstown Community School Districts, Outagamie County, Fox Valley Technical College, and Darboy Joint Sanitary District No. 1. Property taxes and special charges collected on behalf of other taxing entities as of December 31, 2022 are reported as liabilities and paid in the subsequent year as part of the January tax settlement.

#### 3. Interfund Receivables and Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" and "due to other funds" in the fund financial statements.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### D. Assets, Liabilities, and Net Position or Fund Balance (Continued)

#### 4. Long-Term Obligations

In the fund financial statements, governmental funds recognize debt premiums and discounts, as well as debt issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. Because the Town uses the modified cash basis of accounting, principal payments are reported as expenditures in the statement of activities and no liability is reported on the statement of net position.

#### 5. Fund Equity

#### **Governmental Fund Financial Statements**

Fund balance of the Town's general fund is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Nonspendable Fund Balance. Amounts that are not in spendable form (such as prepaid items or long-term receivables) or are legally or contractually required to remain intact.
- Restricted Fund Balance. Amounts that are constrained for specific purposes by external parties (such as grantor or bondholders), through constitutional provisions, or by enabling legislation.
- Committed Fund Balance. Amounts that are constrained for specific purposes by action of the Town Board. These constraints can only be removed or changed by the Town Board using the same action that was used to create them.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Fund Balance (Continued)

#### 5. Fund Equity (Continued)

#### Governmental Fund Financial Statements (Continued)

- Assigned Fund Balance. Amounts that are constrained for specific purposes by action of Town management. The Town Board has not authorized an employee to assign fund balance.
- **Unassigned Fund Balance.** Amounts that are available for any purpose. Positive unassigned amounts are only reported in the General Fund.

The Town has not adopted a fund balance spend-down policy regarding the order in which fund balance will be utilized. When a policy does not specify the spend-down policy, GASB Statement No. 54 indicates that restricted funds would be spent first, followed by committed funds, and then assigned funds. Unassigned funds would be spent last.

#### Government-Wide Financial Statements

Equity is classified as net position and displayed in two components:

- Restricted Net Position. Amount of net position that is subject to restrictions
  that are imposed by 1) external groups, such as creditors, grantors, contributors
  or laws or regulations of other governments or 2) law through constitutional
  provisions or enabling legislation.
- Unrestricted Net Position. Net position that is neither classified as restricted nor as net investment in capital assets.

#### NOTE 2 STEWARDSHIP AND COMPLIANCE

#### A. Budgets and Budgetary Accounting

The Town follows these procedures in establishing the budgetary data reflected in the basic financial statements:

1. During November, the Town Board and officials prepare a proposed operating budget for the calendar year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them. After submission to the governing body, public hearings are held to obtain taxpayer comments. Following the public hearings, the proposed budget, including authorized additions and deletions, is legally enacted by Town Board action.

#### NOTE 2 STEWARDSHIP AND COMPLIANCE (CONTINUED)

#### A. Budgets and Budgetary Accounting (Continued)

- 2. Budgets are adopted on a modified cash basis of accounting for all the general funds. Budget is defined as the originally approved budget plus or minus approved amendments. Individual amendments throughout the year were not material in relation to the original budget. Budget appropriations not expended during the year are closed to fund balance unless authorized by the governing body to be forwarded into the succeeding year's budget.
- 3. During the year, formal budgetary integration is employed as a management control device for the general fund.
- 4. Expenditures may not exceed appropriations provided in budget accounts maintained for each functional area of the Town. Amendments to the budget during the year require initial approval by management and are subsequently authorized by the Town Board.
- 5. Encumbrance accounting is not used by the Town to record commitments related to unperformed contracts for goods or services.

The Town did not have any material violation of legal or contractual provisions for the fiscal year ended December 31, 2022.

#### **B. Property Tax Levy Limit**

Wisconsin state statutes provide for a limit on the property tax levies for all Wisconsin cities, Towns, towns, and counties. For the 2022 and 2023 budget years, Wisconsin Statutes limit the increase in the maximum allowable tax levy to the change in the Town's January 1 equalized value as a result of net new construction. The actual limit for the Town for the 2022 budget was 0.33%. The actual limit for the Town for the 2023 budget was 0.46%. Debt service for debt authorized after July 1, 2005 is exempt from the levy limit. In addition, Wisconsin statutes allow the limit to be adjusted for the increase in debt service authorized prior to July 1, 2005 and in certain other situations.

#### NOTE 3 DETAILED NOTES ON ALL FUNDS

#### A. Cash and Investments

The Town maintains various cash and investment accounts, including pooled funds that are available for use by all funds. Each fund's portion of these accounts is displayed on the financial statements as "Cash and investments".

Invested cash consists of deposits and investments that are restricted by Wisconsin Statutes to the following:

Time deposits; repurchase agreements; securities issued by federal, state and local governmental entities; statutorily authorized commercial paper and corporate securities; and the Wisconsin local government investment pool.

3,829,588

9.761.390

The carrying amount of the Town's cash and investments totaled \$9,761,390 on December 31, 2022 as summarized below:

#### NOTE 3 DETAILED NOTES ON ALL FUNDS (CONTINUED)

#### A. Cash and Investments (Continued)

Deposits and investments of the Town are subject to various risks. Presented below is a discussion of the Town's deposits and investments and the related risks.

#### Custodial Credit Risk

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. Wisconsin statutes require repurchase agreements to be fully collateralized by bonds or securities issued or guaranteed by the federal government or its instrumentalities. The Town has a custodial credit risk policy to minimize custodial risk maintaining a list of public depositories, financial institutions and brokers/dealers authorized to provide deposit and investment services and all public depositories, financial institutions, and broker/dealers authorized to provide deposit and investment services must supply as appropriate audited financial statements demonstrating compliance with state and federal capital adequacy guidelines.

Deposits with financial institutions within the state of Wisconsin are insured by the Federal Deposit Insurance Corporation (FDIC) in the amount of \$250,000 for the combined amount of all time and savings deposits and \$250,000 for interest-bearing and noninterest-bearing demand deposits per official custodian per insured depository institution. Deposits with financial institutions located outside the state of Wisconsin are insured by the FDIC in the amount of \$250,000 for the combined amount of all deposit accounts per official custodian per depository institution. Also, the state of Wisconsin has a State Guarantee Fund which provides a maximum of \$400,000 per public depository above the amount provided by an agency of the U.S. Government. However, due to the relatively small size of the State Guarantee Fund in relation to the Fund's total coverage, total recovery of insured losses may not be available. This coverage has been considered in determining custodial credit risk.

#### NOTE 3 DETAILED NOTES ON ALL FUNDS (CONTINUED)

#### A. Cash and Investments (Continued)

#### Custodial Credit Risk (Continued)

As of December 31, 2022, \$8,483,738 of the Town's deposits with financial institutions were in excess of federal and state depository insurance limits and were collateralized with securities held by the pledging financial institution or its trust department or agent but not in the Town's name.

#### Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Wisconsin statutes limit investment in securities to the top two ratings assigned by nationally recognized statistical rating organizations. Presented below is the actual rating as of the year-end for each investment type.

			E	cempt					
			Not						
Investment Type	Amount		Disclosure		AAA		Aa		 Rated
U.S. Treasuries	\$	-	\$	-	\$	-	\$	-	\$ -
Negotiable Certificates of									
Deposit		926,319		-		-		-	926,319
Totals	\$	926,319	\$	-	\$		\$	-	\$ 926,319

#### Concentration of Credit Risk

The Town has a credit risk policy to minimize risk by limiting investments to the types of securities permitted under Wisconsin Statutes Chapter 66.0603, allowing only public depositories approved by resolution and diversifying the investment portfolio so that the impact of potential losses from any one type of security or any one individual issuer will be minimized.

At December 31, 2022, the Town had no investments in any one issuer (other than U.S. Treasury securities, mutual funds, and external investment pools) that represent 5% or more of total Town investments.

#### NOTE 3 DETAILED NOTES ON ALL FUNDS (CONTINUED)

#### A. Cash and Investments (Continued)

#### Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The Town has a formal policy to minimize interest rate risk by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity. Information about the sensitivity of the fair values of the Town's investments to market interest rate fluctuations is provided by the following table that shows the distribution of the Town's investments by maturity:

		Remaining Maturity (in Months)							
		1:	2 Months		13 to 24		25 to 60	More	Than
Investment Type	 Amount		or Less N		Months		Months	60 M	lonths

Business-Type Activities	-	1,238,947	7		
Totals	\$ 1,238,947	\$ 1,238,947	7		

#### NOTE 3 DETAILED NOTES ON ALL FUNDS (CONTINUED)

#### C. Interfund Transfers (Continued)

Interfund transfers were recorded for the following purposes:

Transfer from General Fund to Capital Projects Fund	
for Road Improvements	\$ 179,743
Transfer from Stormwater Utility District to Capital	
Projects for Stormwater Capital Outlay Expenditures	79,500
Transfer from Transportation Utility District to Capital	
Projects for Road Improvements	1,159,447
Total	\$ 1,418,690

#### D. Long-Term Obligations

The following is a summary of changes in long-term obligations of the Town for the year ended December 31, 2022:

		Beginning Balance		Issued		Retired	Ending Balance	_	ue Within One Year
Governmental Activities: General Obligation Debt:		4.475.000	•	1 000 000	_	505.000	5,000,000	_	705.000
Direct Borrowing - Notes Debt Premium Governmental Activities	<b>*</b>	4,175,000 186,638	<del></del>	1,800,000 55,157	<u> </u>	585,000 43,599	\$ 5,390,000 198,196	\$ 	705,000
Long-Term Obligations	\$	4,361,638	\$	1,855,157	\$	628,599	\$ 5,588,196	\$	705,000

Total interest paid during the year on long-term debt totaled \$112,150.

#### General Obligation Debt

General obligation direct borrowings outstanding on December 31, 2022 is detailed as follows:

	Date of	Final	Interest		Original	Balance
	Issue	Maturity	Rates	In	debtedness	 12/31/22
2020 GO Promissory Notes	06/01/20	03/01/30	2.0-3.0%	\$	4,630,000	\$ 3,590,000
2023 GO Promissory Notes	06/01/22	03/01/32	3.0-4.0%		1,800,000	1,800,000
Total Outstanding						
General Obligation						
Debt						\$ 5,390,000

#### NOTE 3 DETAILED NOTES ON ALL FUNDS (CONTINUED)

#### D. Long-Term Obligations (Continued)

#### General Obligation Debt (Continued)

Annual principal and interest maturities of the outstanding general obligation debt of \$5,390,000 on December 31, 2022 are detailed below:

	Governmental Activities								
	Direct Borrowings - General Obligation Notes								
Year Ended December 31,		Principal		Interest		Total			
2023	\$	705,000	\$	174,500	\$	879,500			
2024		845,000		133,285		978,285			
2025		820,000		106,435		926,435			
2026		590,000		83,610		673,610			
2027		605,000		63,935		668,935			
2028-2032		1,825,000		105,070		1,930,070			
Total	\$	5,390,000	\$	666,835	\$	6,056,835			

#### **Legal Margin for New Debt**

The Town's legal margin for creation of additional general obligation debt on December 31, 2022 was \$40,499,355 as follows:

Equalized Valuation of the Town	\$ 917,787,100
Statutory Limitation Percentage	(x) 5%
General Obligation Debt Limitation, per	
Section 67.03 of the Wisconsin Statutes	45,889,355
Outstanding General Obligation Debt Applicable	
to Debt Limitation	5,390,000
Legal Margin for New Debt	\$ 40,499,355

#### NOTE 3 DETAILED NOTES ON ALL FUNDS (CONTINUED)

#### E. Fund Equity

#### Restricted Fund Balance and Net Position

In the fund financial statements and government-wide financial statements, portions of fund balance and net position are not available for appropriation or are legally restricted for use for a specific purpose. At December 31, 2022, restricted fund balance and net position was as follows:

General	l Fund	ŀ

Res	tricte	ad fo	٦r

Park Improvements Fire Department	\$ 16,604 13,578
Total General Fund Restricted Fund Balance	30,182
Debt Service Fund:	1,942
Capital Projects Fund:	 1,084,528
Total Restricted Fund Balance	\$ 1,116,652

#### Committed Fund Balance

In the fund financial statements, portions of general fund balance is committed by Town Board action. At December 31, 2022, fund balance was committed as follows:

#### General Fund:

Building improvements	\$ 35,679
Fire Apparatus	90,744
Trail Development	30,066
Hickory Park Trail	69,979
Office / Administration / Election	20,082
Fire Signs	12,000
Zoning / Ordinance	14,000
Total Committed Fund Balance	\$ 272,550

#### NOTE 3 DETAILED NOTES ON ALL FUNDS (CONTINUED)

#### E. Fund Equity (Continued)

#### Minimum General Fund Balance Policy

The Town Board has adopted a policy that fund balance in the amount of 30% of current annual general fund operating expenditures, excluding capital outlay and debt service be maintained to preserve working funds for cash flow purposes and to adequately prepare for unforeseen events which require ready access to funds. The minimum fund balance amount is calculated as follows:

2022 General Fund Operating Expenditures as Defined
by Policy \$ 1,983,906
Minimum Fund Balance % (x) 30%
Minimum Fund Balance Amount \$ 595,172

The Town's unassigned general fund balance of \$1,713,343 is above the minimum fund balance amount.

#### NOTE 4 OTHER INFORMATION

#### A. Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the government carries commercial insurance. The Town completes an annual review of its insurance coverage to ensure adequate coverage. Settled claims have not exceeded this coverage in the past three years.

#### **B.** Contingencies

From time to time, the Town is party to other various pending claims and legal proceedings. Although the outcome of such matters cannot be forecast with certainty, it is the opinion of management and legal counsel that the likelihood is remote that any such claims or proceedings will have a material adverse effect on the Town's financial position or results of operations.

### ADDITIONAL INDEPENDENT AUDITORS' REPORT FOR BASIC FINANCIAL STATEMENTS

### INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Town Board
Town of Buchanan
Outagamie County, Wisconsin

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Town of Buchanan, Outagamie County, Wisconsin (the Town) as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements, and have issued our report thereon dated March 20, 2023.

#### Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified certain deficiencies in internal control, described in the accompanying schedule of findings and responses as items 2022-001 and 2022-002 that we consider to be material weaknesses.

#### Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Town of Buchanan's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the Town's response to the findings identified in our audit and described in the accompanying schedule of findings and responses. The Town's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

#### Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### TOWN OF BUCHANAN OUTAGAMIE COUNTY, WISCONSIN SCHEDULE OF FINDINGS AND RESPONSES YEAR ENDED DECEMBER 31, 2022

#### Section I – Internal Control Over Financial Reporting

#### 2022-001

Control Deficiencies
Preparation of Annual Financial Report
Material Weakness Over Financial Reporting
Repeat of Finding 2021-001

#### Condition

Current Town staff maintains accounting records which reflect the Town's financial transactions; however, preparing the Town's annual financial report, including note disclosures, involves the selection and application of specific accounting principles which would require additional experience and knowledge. The Town contracts with us and our knowledge of applicable accounting principles, financial statement format, and note disclosures to assist in the preparation of the annual financial report in an efficient manner. However, as independent auditors, CLA cannot be considered part of the Town's internal control system. As part of its internal control over preparation of its financial statements, including disclosures, the Town had implemented a comprehensive review procedure to ensure that the financial statements, including not disclosures, are complete and accurate.

#### **Criteria or Specific Requirements**

The preparation and review of the annual financial report by staff with expertise in financial reporting is an internal control intended to prevent, detect and correct a potential omission or misstatement in the financial statements or notes.

#### Cause

Town management has determined that the additional costs associated with training staff to become experienced in applicable accounting principles and note disclosures outweigh the derived benefits.

#### **Effect**

The Town may not be able to completely prepare an annual financial report in accordance with accounting principles generally accepted in the United States of America.

#### Recommendation

We recommend the Town continue reviewing the annual financial report. Such review procedures should be performed by an individual possessing a thorough understanding of accounting principles generally accepted in the United States of America and knowledge of the Town's activities and operations. While it may not be cost beneficial to train additional staff to completely prepare the report, a thorough review of this information by appropriate staff of the Town is necessary to obtain a complete and adequate understanding of the Town's annual financial report.

#### **Views of Responsible Officials and Planned Corrective Action**

The Town Clerk/Treasurer and Town Administrator will continue to review and approve the annual financial report prior to issuance. Management concurs with the finding.

### TOWN OF BUCHANAN OUTAGAMIE COUNTY, WISCONSIN SCHEDULE OF FINDINGS AND RESPONSES (CONTINUED) YEAR ENDED DECEMBER 31, 2022

#### Section I – Internal Control Over Financial Reporting (Continued)

#### 2022-002

Control Deficiencies Adjustments to the Town's Financial Records Material Weakness Over Financial Reporting Repeat of Finding 2021-002

#### Condition

As part of our audit, we proposed adjusting journal entries that were material to the Town's financial statements.

#### **Criteria or Specific Requirements**

Material adjusting journal entries proposed by the auditors are considered to be an internal control deficiency.

#### Cause

While Town staff maintains financial records which accurately report revenues and expenditures throughout the year, preparing year-end adjusting and closing entries requires additional expertise that would entail additional training and staff time to develop.

#### **Effect**

Year-end financial records prepared by the Town may contain material misstatements.

#### Recommendation

We recommend the Town designate an individual to obtain additional training in order to prepare the adjusting and closing entries. We are available to assist the individual in obtaining the understanding to prepare these entries.

#### **Views of Responsible Officials and Planned Corrective Action**

The Town Administrator reviews and approves the material journal entries, along with the supporting documentation. Management concurs with the finding.
